

We hope this letter finds you and your family in good health! Our community has been through a lot over the last year. All of us are looking forward to resuming a normal routine - which for dentistry has always included the highest standards for infection control and commitment to patient safety.

Infection control has always been a top priority for our practice and you may have seen this during your visits to our office. Our infection control processes are made so that when you receive care, it's both safe and comfortable. Our office follows protocol recommended by the American Dental Association (ADA), the U.S. Centers for Disease and Prevention (CDC) and the Occupational Safety and Health Administration (OSHA). We follow the activities of these agencies so that we are up-to-date on any new rulings or guidance that may be issued. We do this to make sure that our infection control procedures are current and adhere to each agencies' recommendations.

Thank you for being our patient. We value your trust and loyalty and look forward to seeing you. Please let us know if you need anything or have any questions. We are always here to help.

Sincerely,

Merrick and Laura Dameron
